All proceeds benefit the Les Turner ALS Foundation

The Les Turner ALS Foundation, founded in 1977, is Chicago's leader in research, patient care and education about ALS, serving the vast majority of people with ALS (PALS) in the area, offering hope and help when it's needed most. The Foundation's full spectrum patient service programs include in-home consultations, support groups, equipment loans and educational programs. The Foundation offers hope for a future without ALS by supporting the Les Turner ALS Research and Patient Center at Northwestern Medicine, bringing together three ALS research laboratories and a multi-disciplinary patient clinic under one umbrella.

Our Mission is to: advance scientific research into the causes, treatments and prevention of ALS; provide people living with ALS, their families and caregivers exceptional clinical care and support services; and to increase awareness and education of ALS.

WHAT YOUR DONATIONS DO

\$250

Provides transportation to and from one clinic visit

\$500

Supplements the cost of home modification to provide patients greater accessibility

\$1,000

Helps provide a chair lift, allowing patients to be moved around their homes with ease

\$2,500

Provides two weeks of respite services to prevent caregiver burnout

\$5,000

Funds innovative scientific research

\$10,000

Provides a communication device, allowing patients' voices to be heard

\$15,000
